

BE A PERCENTAGE GIVER

1. Start by looking at the left columns (“Annual Income” and “Weekly Income”) to find your approximate weekly income (yours and your spouse’s if you share an offering envelope).
2. Then move your eyes across the row from that number until you find your *weekly* giving level to God’s work through your congregation.
3. Next move your eyes to the top of that column to locate the percentage of your income that represents.
4. Consider the spiritual question, “What percentage of my income is God calling me to give?” Are you ready to follow the biblical guidance of tithing? Can you move at least one block to the left so that you grow 1% (of income) in your giving?
